AWARDS

PROFESSIONAL SUMMARY

- I have completed Bachelor's degree of engineering in computer engineering , from Met institute of engineering in year 2027.

- I am a Software Engineer with 4+ years of experience working on product development in an agile environment. My expertise lies in designing, developing, and deploying high-performance software applications with a focus on scalability and user experience. I have achieved success by leveraging my strong problem-solving skills, knowledge of various programming languages (C++, Java, JavaScript), and familiarity with the latest tools & technologies.
